FOUNDATION FOR THE FUTURE WELCOMES NEW MEMBER

WHEN: May 24, 2022

WHERE: www.f4fspace.org

WHAT: Foundation for the Future, a nonprofit that sits at the intersection of workforce development, finance and public works advocacy, Today, the Foundation for the Future is pleased to announce that Barclays Corporate and Investment Bank has joined as the 40th Member of the Foundation. This is the first space organization that Barclays has joined and is part of Barclays Aerospace & Defense Equity Research plan to grow its footprint in the sector. Tim Chrisman, the Executive Director of the Foundation started: "This team, led by Colin Canfield, Vice President of Equity Research and Aerospace & Defense will be phenomenal partners as we continue towards our goal to make space accessible to everyone."

CONTACT: Tim Chrisman, tim@f4fspace.org

About Foundation for the Future:

Pioneering America's success in space through visionary space transportation and infrastructure projects, The Foundation for the Future is leading the advance of the United States' space infrastructure development by unifying civil space agency and federal policy objectives, and by connecting a community of supporters and companies to the vast opportunities space infrastructure development provides. For more information or to join us please visit: www.f4fspace.org

About Colin Canfield:

Colin Canfield is a Vice President and research analyst covering the Government Services & Space industry. He joined Barclays in 2021. Prior to that he was a member of Citi's #7 Institutional Investor-ranked Aerospace & Defense team. Colin has worked in the investment industry since 2015, beginning his career as an intern on Citi's #1 Institutional Investor-ranked Emerging Market Strategy team & Northwestern Mutual's Municipal Credit Research team. Colin earned a BSBA in Economics & Finance from Marquette University, graduating from Marquette's Applied Investment Management program.
